PROFESSIONAL SUMMARY

Detail-oriented Software Engineering student with hands-on technical proficiency across front-end web development, PHP web applications, and backend ASP.NET MVC architectures. Experienced in building responsive visual interfaces using JavaScript (ES6), Bootstrap, and HTML/CSS, seamlessly integrated with backend systems utilizing PHP, C#, ASP.NET Core MVC, and MS SQL Server databases. Eager to bring strong problem-solving skills, modern web standards, and high adaptability to a professional software development environment.

TECHNICAL SKILLS

Languages & Back-End: PHP, C#, ASP.NET Core MVC, SQL Server, JavaScript (ES6)

Front-End Frameworks & Libraries: HTML5, CSS3, jQuery, Bootstrap 5, Responsive Web Design

Tools & CMS: Git, GitHub, Visual Studio, WordPress

TECHNICAL PROJECTS

ImmuniTrack — *Vaccination Management System*
PHP • Live Demo • MySQL

- Developed and deployed a live PHP web application (immunitrack.infy.click) to streamline vaccination tracking, appointment scheduling, and patient record management.
- Designed a responsive frontend user interface paired with dynamic backend data processing for administrative and patient interactions.

NGO Management System
ASP.NET Core • SQL Server • C#

- Engineered a full-stack data-driven administrative web application to securely manage organizational records, track multi-tier datasets, and standardize operational inputs.
- Source Code repository available at: github.com/Ibrahim-444-alt/NGO-Web-App

Hospital Management System
ASP.NET Core • SQL Server • C#

- Constructed an automated clinic workspace layout targeting patient records, electronic health metric workflows, and administrative management modules.

Liberty Electronics (Electronic Management System Website)
HTML5 • CSS3 • JS (ES6) • Bootstrap

- Programmed a cross-device responsive showcase application interface prioritizing fluid interactive user pathways and performance-optimized visual layouts.
- Live Demo available at: liberty-electronics-livid.vercel.app

EDUCATION

Hamdard University — 2025–Present
BS in Computer Science (3rd Semester)

Aptech Learning — 2024–Present
Diploma in Software Engineering (4th Semester)

Government Degree Boys College, Gulistan-e-Johar — 2023–2024
Intermediate (Pre-Engineering)

Nasra School — Graduated 2022
Matriculation

CERTIFICATIONS

- **DISM** — Diploma in Information Systems Management
- **CPISM** — Certificate of Proficiency in Information Systems Management
